TO BE COMPLETED BY CLINICAL STAFF

Screening procedure

For the following question - 1 standard drink = 1 unit of alcohol. An indication of standard drinks is provided in the diagram below.

1. Do you feel your attendance here is related to your drinking Yes (PAT +ve)

No (go to Q2)

Please place a cross in the relevant box.

2. MEN: How often do you have EIGHT or more standard drinks on one occasion?
WOMEN: How often do you have SIX or more standard drinks on one occasion?

Never	Less than monthly	Monthly	Weekly	Daily or almost daily
<input type="checkbox"/>				

If the patient's response is 'Monthly', or 'Weekly', or 'Daily or almost daily' they are **PAT+ve**.

Please indicate the result of the screening procedure by placing a cross in the appropriate box below.

Positive Negative

If the result is **negative** thank the patient, terminate the interview and store the survey securely, to be collected by research staff.

If the result is **positive** explain the study to the patient, provide an information sheet and request written consent.

Is the patient willing to provide written informed consent? Yes No

If **yes** continue with the consent details overleaf.

If **no** terminate the interview and store the survey securely, to be collected by research staff. Remember to provide the patient with a Patient Information Leaflet.
